

# FRIENDLY, FOCUSSED & FIRED UP!

Why have I agreed to let my name stand for nomination in the riding of Similkameen - South Okanagan - West Kootenays?

Perhaps like you, I've been very concerned about dramatic changes that have occurred in the character and direction of our country. The Trudeau government has attacked three fundamental aspects of our lives: our finances, our families and our freedoms.

After much reflection and discussion with my family and friends, I've decided step forward and put my name in the hat, so I may earn the privilege of serving my country and my riding.

# CHRIS FOR COMMON SENSE

## Chris Pequin

**Potential Candidate for  
Similkameen – South  
Okanagan – West Kootenay**

---

**For the last 8 years, the Trudeau government has ATTACKED...**

## **Our Finances**

It's become abundantly clear that the Trudeau government has driven Canada over a massive financial cliff, with no idea or intention on getting us out. 1 in 4 Canadian families have relied on a food bank in the last year in order to survive. The outrageous overspending of the last eight years meant our children and grandchildren will inherit a mountain of debt never seen before in the history of our country. Lastly, the carbon tax, which has been hiked three times over the past three years, is causing a massive inflation in prices, as well as hindering the survival of small businesses around the country.

## **Our Families**

Strong marriages and healthy children are the bedrock to Canada. I myself have been married for 28 years to my bride Korinna, and we have five wonderful children. Parents have the right to pass on their values to their children. Whether by adoption or by birth, your children are yours, and you have the final say over what they are taught and what they believe - not the State. However, what we've seen in the past several years are governments and public institutions that seek to undermine the authority parents have over children, by introducing them to radical ideas and inappropriate content that many families object to.

## **Our Freedoms**

Our fundamental freedoms, enshrined by the Charter, have been disregarded by the Trudeau government in ways never seen before in our country. Banks accounts of those who supported a peaceful, legal protest were frozen, coupled with the military-style arrest of innocent protestors. But that's not all. Not only does the Trudeau government believe it has the right to compel us to use words and ideas we may not agree with, it's now seeking to censor what we want to say and read online. Perhaps most egregiously, our right to our bodily autonomy, to have the final say on what goes into our bodies, was challenged by unlawful government mandates.

**I'm asking for YOUR vote so we can send Ottawa a message. But why ME?**

## **I'm Friendly**

For years, I've been frustrated with how toxic the public square has become. I'm sure you're also as tired as I am of empty talking points and personal attacks that seem to mark modern politics. In my conversations with Canadians in this riding and across the country, it's clear that we share much more in common than we do our differences. A personal belief of mine that's guided all my relationships is that we can disagree without being disagreeable. I believe this is the key reason why people who usually don't vote conservative have been open and willing to hear what I have to say.

## **I'm Focussed**

Not only have I always been a true-blue, fully-invested conservative my whole life, but I've also put in the work. Over the past two years, I've held dozens of Meet 'n' Greets, knocked on hundreds of doors, had even more conversations over coffee, and made countless phone calls and emails. Long before we had a national leader or our party was popular in the polls, I put in the sweat equity because I was serious about getting Canada back on track. Now, our riding has an amazing board, people are signing up to be volunteers, and our national leader is paying attention to this riding. This is a result of focus.

## **I'm Fired Up!**

When the Trudeau government attacked our finances, families, and freedoms, they sparked a fire in me that left me no choice but to stand up, get involved, and help bring this country back on solid ground. I'm not a life-long politician, and the people whom I've spoken to tell me that's not who they want. They want someone who will continue to show up and work hard, and, if elected as the Conservative Party of Canada Candidate for the riding of Similkameen – South Okanagan – West Kootenay, someone who will bring common sense back to Ottawa. I will be that person.
